Hobbies: Singing, dancing, reading

Personal Message:

I am an enthusiastic teacher with a diverse background helping students achieve their English-learning goals. I hold a Bachelor's degree in Fine Arts. I am completing my TEFL certification and have taught English in inner-city New York schools, gaining experience in dynamic classrooms. I also worked at English immersion camps in Germany, designed to accelerate learning through innovative activities, which strengthened my classroom management across subjects and grade levels. With this background, I bring creativity, adaptability, and cross-cultural understanding to every classroom.
